KEEP YOUR HEAD SAFE.

Wear a helmet when you ride.

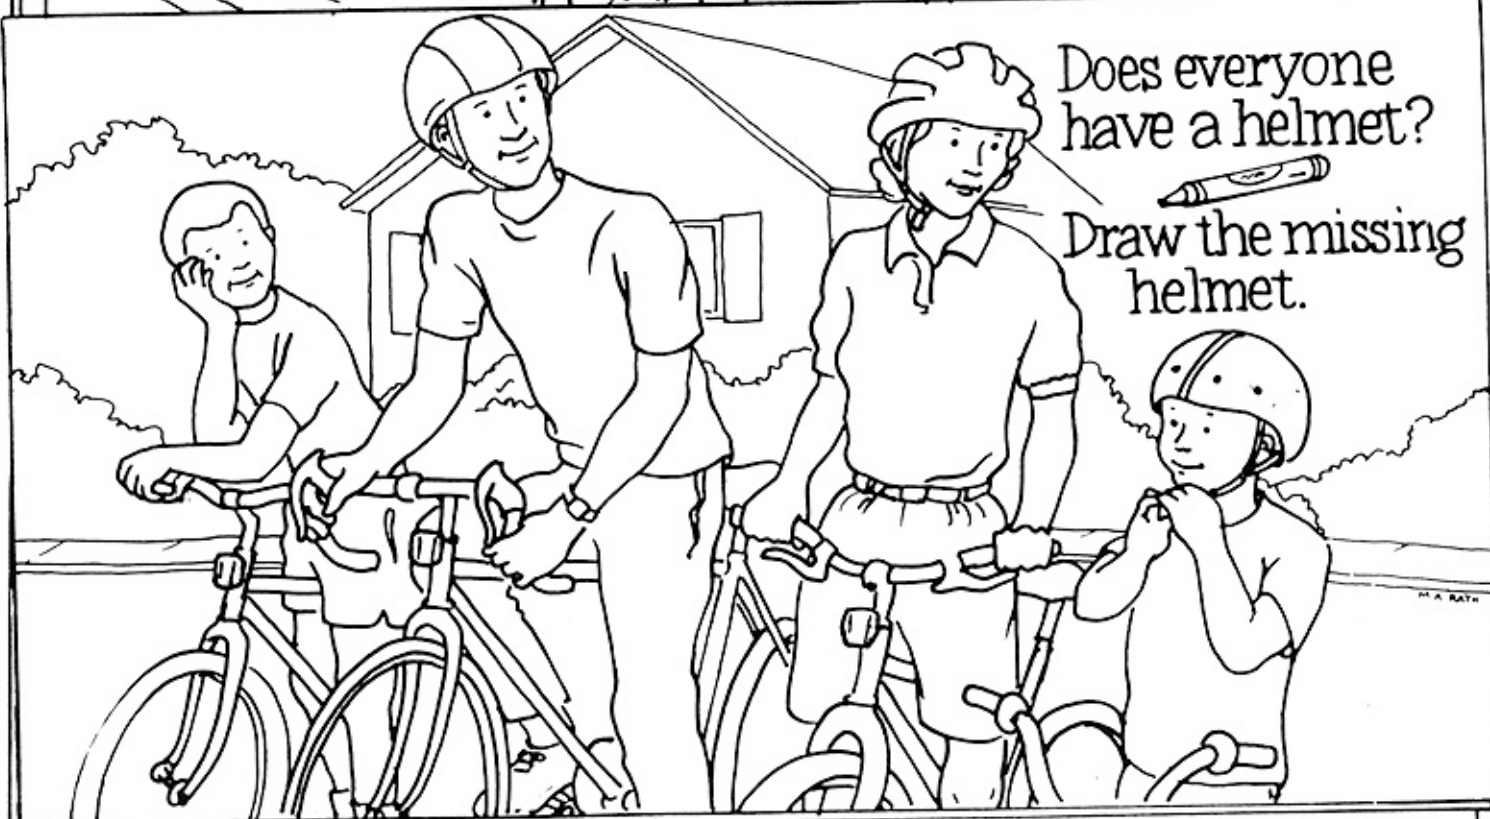

Your head is very important. It tells your body what to do.

If you hurt your head, it might not get better.

A helmet keeps your head safe.

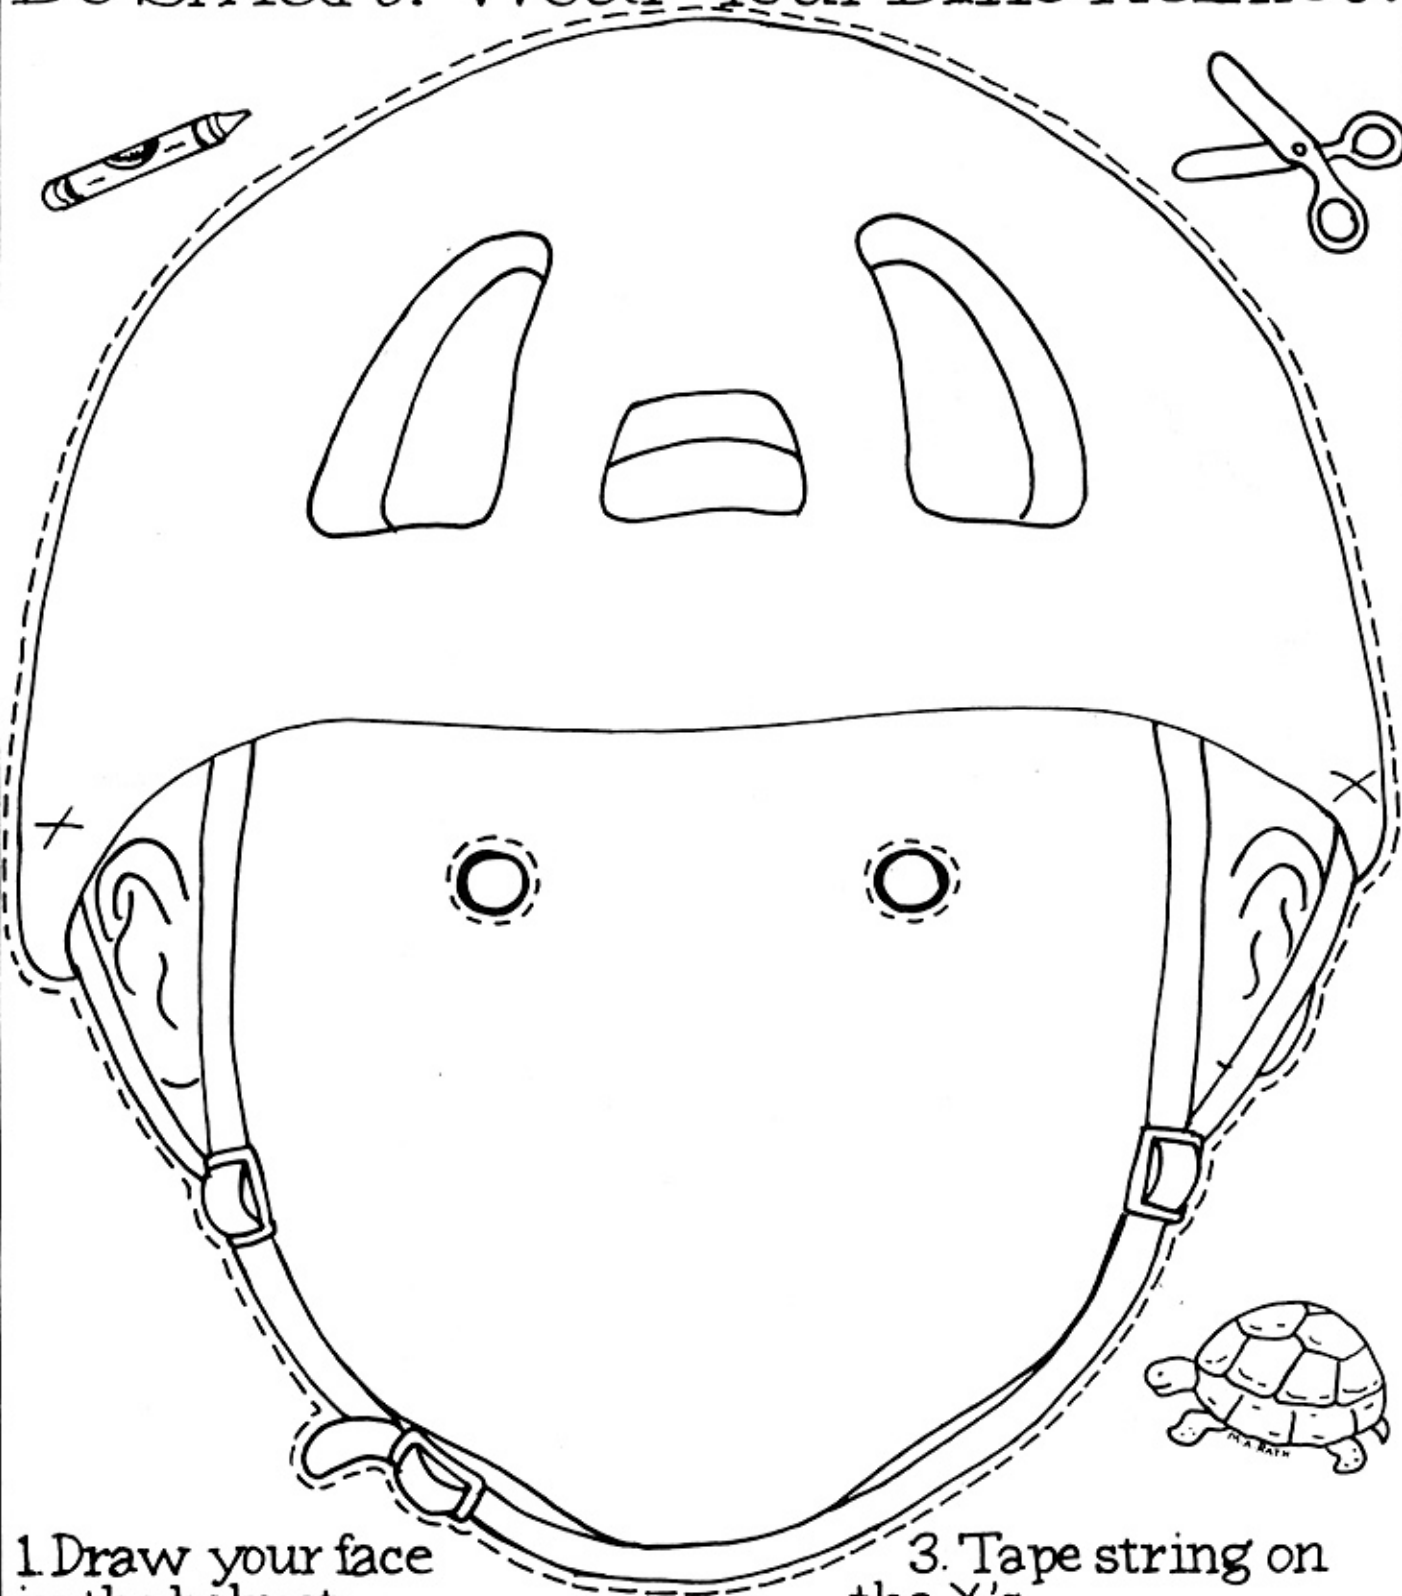

Does everyone have a helmet?

Draw the missing helmet.

HOW DO YOU STAY SAFE?

Be Smart. Wear Your Bike Helmet!

1. Draw your face in the helmet.

2. Cut out the mask on the dotted lines.

3. Tape string on the X's.

4. Make holes for your eyes.
5. Look in the mirror.
